

Wendy Arenas Rosas

WORK EXPERIENCE

Math TA

Seattle Pacific University | Seattle, WA | Jan 2026 - Present

- Graded and provided detailed feedback on weekly lab and homework assignments for 20–30 students, ensuring accuracy and consistency.
- Identified common student errors and adjusted feedback to improve understanding of key mathematical concepts.

Hostess

Aegis Living | Seattle, WA | June 2022 - Present

- Presented food and beverages to about 18 residents in my assigned service section.
- Checked with residents for meal feedback and ensured attentive service.
- Resolved issues such as de-escalating disputes between residents, assisting them whenever they were unsure or confused about what to do.

PROJECTS

CALIFORNIA VOTER TURNOUT AND HISPANIC PARTICIPATION ANALYSIS

April 2026

- Designed and developed a Power BI dashboard analyzing California voter turnout using datasets from Redistricting Data Hub.
- Examined Hispanic population voter participation trends to support a broader data analytics project for a class.

INTERACTIVE TOURISM VISUALIZATIONS PROJECT

Oct 2024 – Dec 2024

- Designed and implemented an R Shiny application to explore global tourism patterns, recreating interactive visualizations using real-world datasets.
